**Your Nanny is expecting to be paid 52 weeks/ year. If you do not need her to work one week, she will still receive her weekly salary. For example, if you are gone for over a month in summer, you can ask her to watch the house, pets etc. in your absence. The Nanny also expects to be evaluated every six months or more frequently if the family would prefer. Nannies on the Go can provide evaluation forms for you.**

I authorize "Nannies on the Go LLC" to charge the placement fee. I will be paying by
